All VSTA members are advised that although the 2010-2011 budget has not been formally adopted, the 2010 Spring Post and Fill Process will proceed as per the timelines that were agreed to in the Mid Contract Modification Process. These timelines have been provided to Staff Reps and are also in the April edition of Tackboard. Additionally, layoff notices will be issued on Monday, May 3, as per the agreement that the VTF reached with the VBE.

Staffing entitlements will be in the schools on Monday, May 3rd. These will be shared with the staff by the administration. The school Staffing and Timetabling Committee, in conjunction with the administration, must complete the timetable and school organization no later than May 10, 2010.

As the budget has not been officially passed, there may be changes along the way. Ongoing updates will be provided as the process unfolds. We appreciate your patience.
